

## ***Magic week on Costa Dorada***

GSM Barcelona for the first time has invited *Agencies* to spend a magic week on Costa Dorada sea cost in July 2018.

Agents enjoyed the unique place, lost paradise – Coma Ruga and visited main sights in Barcelona including the Monserrat Monastery.

## ***Human Forum 2018***

An annual event *Human Forum 2018*, organized by the International Association of Universities GSMB, became the termination of the week. The Assembly was dedicated to “*Generation Millenium*” and threatens in a future.

Scientists, writers, representatives of governmental and non-governmental organizations shared their honorable view and organized a large-scale discussion of challenges to the world educational system.

The Human Forum ended with the *Graduation Ceremony* and the awarding of the most active partner universities and agencies with the GSM Barcelona Awards 2018 and International Association of Universities GSMB Awards 2018 – diplomas, memorable signs and gifts.

“I think our mission as educational consultants is to build a bridge between international students and universities abroad. Our main aim is to identify the individual student's purposes and help them to choose the university which will develop the student's potential so that they achieve their goals. It is a magnificent process when we take a part in shaping our students' futures. I feel a great responsibility for every student we help, but at the same time it is what I like most about doing this important job.”- stated Olga Sedletska, Company Director of Study British English Company, The holder of GSMB Awards 2018 in category “Regional Winner”
